

# Transcript of FKcomputer2

**Apa yang anda faham tentang komputer sbg guru?**

2:49pm, Thurs, Feb 26, 2015 by Kongsu kefahaman tentang komputer sebagai guru

**menyampaikan pengajaran yang diprogramkan.**

4:54pm, Thurs, Feb 26, 2015 by farina

**merekod dan mengurus kemajuan pelajar**

4:55pm, Thurs, Feb 26, 2015 by diyana

**membekalkan maklumat dan memudahkan pengajaran**

4:57pm, Thurs, Feb 26, 2015 by VILASHINI

**The computer must be programmer by experts in certain subject before user can use it as a tutor.**

4:59pm, Thurs, Feb 26, 2015 by Hayati

**komputer berperanan mengajar pelajar. Perisian yang terlibat ialah yang berbentuk perisian penyelesaian masalah, tutorial dan latihan**

5:00pm, Thurs, Feb 26, 2015 by jenny

**It helps learners to understand the lessons well as they could listen to videos such as youtube repeatedly**

5:01pm, Thurs, Feb 26, 2015 by evelyn

**Membantu pengajaran dan pembelajaran supaya lebih menarik seperti permainan, video**

5:03pm, Thurs, Feb 26, 2015 by SOFIE

**Need only have some useful capability program such as spss or word processing**

5:04pm, Thurs, Feb 26, 2015 by ain

**berperanan mengajar pelajar yang mana melibatkan perisian yang berbentuk tutorial, latihan, simulasi dll.**

5:05pm, Thurs, Feb 26, 2015 by syaida

**The computer teaches the child by executing a specific program**

5:06pm, Thurs, Feb 26, 2015 by shamini

**komputer: memberi arahan dan membekalkan bahan pengajaran**

5:06pm, Thurs, Feb 26, 2015 by afizal

**getting information from various sources and extract the information that we need**

5:07pm, Thurs, Feb 26, 2015 by aze

**The concept of computer based teaching – widely used to assist student aided with audio, visual and interactive question.**

5:07pm, Thurs, Feb 26, 2015 by Farid

**perlu diprogramkan oleh programmer. perisian dibina boleh membimbing pelajar dan mampu menilai segala respons dan keupayaan pelajar.**

5:07pm, Thurs, Feb 26, 2015 by hanis

Cth:pengajaran berasaskan komputer(CBI), pengajaran bantuan komputer(CAI), pembelajaran bantuan komputer(CAL)

5:07pm, Thurs, Feb 26, 2015 by jenny

komputer berperanan mengajar pelajar: bentuk tutorial, latih tubi, simulasi, permainan pembelajaran, dan perisian penyelesaian masalah.

5:07pm, Thurs, Feb 26, 2015 by saravanan

Bertindak menyampaikan bahan pengajaran, menilai respons daripada pelajar.

5:07pm, Thurs, Feb 26, 2015 by hizami

sbg pemberi maklumat selain dari buku

5:07pm, Thurs, Feb 26, 2015 by Hayati

komputer: memberi arahan dan membekalkan bahan pengajaran. Pelajar: respon dan bertindak balas kepada arahan... contoh perisian Skor A

5:07pm, Thurs, Feb 26, 2015 by afizal

The computer presents the subject materials, child responds, the computer evaluates and the computer determines the next step

5:07pm, Thurs, Feb 26, 2015 by shamini

komputer sebagai pengajar dikenali sbg CBE (Compute Based Education)

5:07pm, Thurs, Feb 26, 2015 by SUZANA

capaian pelbagai maklumat tentang sesuatu subjek

5:08pm, Thurs, Feb 26, 2015 by maiisa

perisian yang baik mampu menyimpan rekod setiap pelajar dan menilai pelajar dari semasa ke semasa

5:08pm, Thurs, Feb 26, 2015 by hanis

To develop the software is not an easy task – but somehow promote a long term effect on user

5:08pm, Thurs, Feb 26, 2015 by Farid

The computer plays the role of a teacher in a classroom

5:08pm, Thurs, Feb 26, 2015 by shamini

dikelaskan kepada lima kategori iaitu: 1. Latihan dan amalan 2. Tutorial 3. Simulasi 4. Penyelesaian masalah 5. Permainan

5:09pm, Thurs, Feb 26, 2015 by jenny

The computer can accommodate the child's needs

5:09pm, Thurs, Feb 26, 2015 by shamini

To function as a tutor in some subject, the computer must be programmed by "experts" in programming and in that subject.

5:09pm, Thurs, Feb 26, 2015 by Aina

Komputer berperanan dalam mengajar seperti menjelaskan konsep dan idea.

5:09pm, Thurs, Feb 26, 2015 by Wong

pelbagai perisian yang menarik yang mampu menguji kreativiti dan kemahiran berfikir pelajar

5:09pm, Thurs, Feb 26, 2015 by maiisa

Tutor mode typically requires many hours of expert work to produce one hour of good tutoring.

5:09pm, Thurs, Feb 26, 2015 by Aina

pelajar hanya mengikuti apa yang ada dalam sistem.

5:09pm, Thurs, Feb 26, 2015 by adnan

Pembelajaran dalam komputer adalah satu bentuk pembelajaran sendiri, interaktif dan bimbingan.

5:11pm, Thurs, Feb 26, 2015 by adnan

Melibatkan sistem tutorial, dan simulasi di samping aktiviti latih tubi

5:13pm, Thurs, Feb 26, 2015 by SUZANA

apabila peranan guru sebagai pengajar, penerang & pemudahcara diambil alih oleh komputer.

5:16pm, Thurs, Feb 26, 2015 by izzati

komputer akan memeriksa jawapan pelajar menggantikan guru.

5:16pm, Thurs, Feb 26, 2015 by adnan
